

Lowick Parish Council

Get involved

The Lowick Neighbourhood Plan will be a land-use planning document.

It should provide planning policies that guide the management of changes to the built and natural environment of the Parish.

We need your help

We want to know what you want the Neighbourhood Plan to include.

We have provided a map of the Parish so that you can show us where you think there are currently any issues to be addressed or where opportunities for change may exist.

Your opinions will help us to define the scope of the Plan.
